Subject: Olympic Water and Sewer Water System, ID#68700, Jefferson County; Water System Plan, ODW Project #06-0604

Dear Mr. Ward:

Please find enclosed a copy of the Water System Plan (WSP) for the Olympic Water and Sewer Water System. The Office of Drinking Water (ODW) is requesting that the appropriate Utilities and Transportation Commission (UTC) staff review the WSP and provide written comments regarding the following:

- Is UTC staff aware of any problems regarding system reliability and performance, customer service, or other issues that should be addressed by the WSP?
- Is the company financially viable? If the company is not financially viable, what corrective actions or measures the company should take?
- Are there any other issues UTC believes are relevant?

If possible, ODW would like your response by July 27, 2006. If you have any questions, please contact me at (360) 236-3031.

Sincerely,

KAREN KLOCKE
Office of Drinking Water Regional Planner
